

Interfaith Meeting

The Nature of Hate. How can Faith turn that into Love?

Venue: St Mary's Church, Addington Village Road, Croydon, CR0 5AS.

Date: 16th October, 2022

Dear Mr Parrish,

October has been selected to shine a light on Hate Crime especially in Croydon where it has earned the unenviable title of being the centre of knife crime in greater London.

The Metropolitan Police, led by Borough Commander Stringer and Lucy Holden will be holding a hate crime week at various venues finishing on the 15th October. So we of the **Ahmadiyya Muslim Elders Association** will be following on the theme on the 16th October. In the meeting, as above, we will discuss the **nature of hate and how faith can help to eradicate it.**

It is important the we as people of faith and no faith explore all avenues to stem the ever increasing tide of this heinous crime.

I would urge you to please make every effort to spare the two hours or so of your time to attend this very important meeting.

The details are set out below, and all are welcome. **Please do let me know as soon as possible if you can attend.** I need the numbers to arrange for refreshments. I thank you in advance for your support. With love and prayers. Khaleel.
